www.finnheritage.org

Since 2007, Finnish Heritage House has preserved the rich culture of midcoast Maine through its exhibits, publications, community programs and language courses.

In 2010, Finn Spark, Inc. awarded monies toward the purchase of kanteles, the national folk instrument of Finland.

Kantele players of varying backgrounds have inspired others to join their bi-weekly rehearsals. Many newcomers blend additional folk instruments to enrich the sounds of the kanteles.

Original kantele ensemble 2010

Numerous requests for performances have come from public schools, local churches, assisted living/nursing facilities, Farnsworth Art Museum/Wyeth Center and special celebrations.

Typical gatherings breed instant success for all ages, whether or not anyone can read music.

"The Arts Come Alive" through dancing, crafts, musical events, literary adventures and edible treats.
